

Announcement

The Hendrik Group, Inc. (THG) has commissioned its first two (2) HoverTube™, totally enclosed, air supported conveyors at La Union in Guatemala.

Plant to packaging conveyor is 24" x 1154 feet long. The Dome feeding conveyor is 24" x 140 feet long. Both deliver refined sugar from processing to packaging and / or storage.

The plant to packaging conveyor is supported every 79'-4". No walkway is required.

THG recently received its second order from Guatemala for a 30" x 751 foot long conveyor for Magdalena Sugar.

Redefining the Standards of Bulk Handling!
